A screenshot of a digital math quiz interface. On the left is a vertical toolbar with icons for a book, a rocket, a chart, a trophy, two people, and a help/question icon with a red '1'. The main area shows a right-angled triangle with vertices at the top-left, bottom-left, and bottom-right. The vertical leg is labeled 'a', the horizontal leg is labeled 'b', and the hypotenuse is labeled 'c'. To the right of the triangle is a list of four multiple-choice options:

- i. a = 3,5cm, b = 5,5cm
- ii. a = 2,9cm, c = 10,2cm
- iii. b = 3,8cm, c = 8,3cm
- iv. a = 6cm, c = 10cm

The interface includes a navigation bar at the top with a 'EasyTutor' logo, a back arrow, and a lightbulb/help icon. On the right side, there are buttons for navigating between questions (up/down arrows) and a total count of '1'.
